HAVE YOU HEARD THIS HIT RECORDING?

THE SHIRELLES • TONIGHTS THE NIGHT LP 501

As a follow up to their album "TONIGHTS THE NIGHT", THE SHIRELLES offer you their unique presentation of 12 original songs to the accompaniment of trumpets and strings. This background, together with their outstanding style, again highlight the versatility of what is today the country's most popular female voice group.

Since "TONIGHT'S THE NIGHT" THE SHIRELLES have had 3 successive hits, "WILL YOU LOVE ME TOMORROW", "DEDICATED TO THE ONE I LOVE" and "MAMA SAID" which have also catapulted them into the international spotlight THE SHIRELLES are now world famous and their names mean a great performance to teenagers in England, France, Australia and many other countries of the world, just as well as it means a hit performance in the U.S.A.

The songs in this album tend to explain the emotions of the typical teenager when he is faced with certain situations. For the most part the SHIRELLES sing about happy times but from the opening song "MAMA SAID" you know that no matter what THE SHIRELLES sing about, that the harmony and feeling that are "THE SHIRELLES" will come through and give you hours of listening pleasure.
